CONGRESS WILL NOT ENACT LEGISLATION

Modifying the Chinese Exclu sion Act.

LEADERS IN BOTH HOUSES SAY

Policy of Chinese Is Based Upon This Attitude—Emperor Urged People to Refrain from Boycotting American Goods Pending Action by Congress.

Chicago, Dec. 11.—A Tribune dispatch from Washington, D. C., says:

Congress will not enact any legislation modifying the Chinese exclusion act. As a result of the boycott of American goods will be re-imposed shortly, and there will be a greater development of the anti-foreign feeling throughout China.

The prediction as to the attitude of congress was made yesterday by leaders of both the house and senate. The policy of the Chinese people is based entirely upon this attitude.

In edicts issued by the Chinese emperor the people were urged to refrain from boycotting American goods, pending action by congress.

The viceroys of various provinces proclaimed President Roosevelt had given assurances that congress would pass remediary measures and that the Chinese should continue to purchase American goods as heretofore, until the purposes of the legislative branch of the American government developed.

It is understood that the Chinese legislation here has been making inquiries as to the prospect of action congress, and is satisfied there is no chance whatever of the enactment of satisfactory legislation.

Deadlock in Treaty Negotiations.

A deadlock has occurred in treaty negotiations between Minister Rockhill and Na Tung, of the Chinese foreign affaires, in regard to the refusal of the former to allow the admission of Chinese laborers into the American possessions in the Pacific. In exchange for the privilege Na Tung was willing to define the classes of Chinese which should be granted, thus authorizing the United States, thus authorizing his government to exclude every one who failed to come directly within those classes.

Bill to Make All Territories States.

Representative Hamilton, of Michigan, chairman of the house committee on territories, proposes to push to a vote as soon as possible his bill for the admission of Oklahoma and Indiann Territory and Arizona and New Mexico as two states. He hopes to get it through before the holidays.

There is a strong desire to wipe out all the territories on the continent, thus making a homogenious union of 47 states, occupying a compact territory from the Atlantic to the Pacific and from Canada to Mexico. Thereafter it will be easy enough to devise a general territorial sytsem for Alaska, Porto Rico, Hawaii and the Philippines. A territory, representing as the name implies, an outlying possession of the United States, not yet ready for statehood, will then be the status of these separated possessions.

CHINESE BOYCOTT IN 'FRISCO.

Ship's Crew Forbidden to Buy Any of the American Goods.

San Francisco, Dec. 11.—The anti-American boycott has reached this port. It is the custom of the Pacific Mail company to allow peddlers and other small dealers on board their China liners during the luncheon hour for the convenience of the Chinese sailors, firemen, cooks and waiters, who, by reason of the exclusion act, may not do their shopping ashore.

When the Manchuria docked on last Tuesday notices in Chinese were tacked up all over the ship. These notices called the attention of the the Manchuria's crew to the existence of a boycot against American goods and forbade them to buy any wares offered for sale on the line's decks during their stay in the this American port.

So far the Manchuria's Chinese have followed the edict of the boycott notice to the letter and have abandoned their efforts to trade with them.

POPULAR GIRL SUICIDES.

Ill Health Causes Woman to Take Her Life in Her Room.

Montgomery, Ala., Dec. 11.—The city was shocked Friday by the news which rapidly spread in every nook and corner that Miss Julia Reid, one of the most popular young women of the county, had suicided.

It was soon found that the report was true, and that the unfortunate girl had shot herself entirely through the head with a small caliber pistol, purchased on a trip to the city just before the tragedy.

Dr. J. L. Gaston, who was called at once, said that the death had been instantaneous. She was lying at the foot of her bed in her own room when discovered by her aunt cold in death.

Miss Reid left nothing to indicate why she took her own life, but it is well known that ill health was the cause. She became ill some months ago and was forced to take a rest from her duties as an accountant in the office of the Montgomery Advertiser. She was given a vacation of several weeks, which was spent in North Carolina, but nothing in the way of permanent benefit was secured.

After returning it was discovered that she was not able to meet the duties of the position held for four years, and her resignation was sent in. However, she remained in service up to a few days ago in order that some one might be trained to take the wo Since that time she has done little, being mueh of the time confined to her room.

NOTED EVANGELIST RETURNS.

Have Conducted a Four-Year World-Wide Revival.

New York, Dec. 11.—Rev E. A. Torrey, an evangel who had been conducting a four years' worldwide revival, returned with his family yesterday on the Baltic. His fellow worker, the Singing Evangelist Alexander, will soon join him here.

The evangelists have visited China, Japan, Australia and Great Britain.

"I cannot give the number of attendants at our meetings," said Dr. Torrey, "but I have just received a cablegram that the number of those registered in the different churches after our services is 180,000 including 82,000 in Great Britain were converted. The evangelists will begin a revival in Toronto, Dec. 31, after which they open a three months' campaign at Philadelphia. Following that, they will begin a meeting at Atlanta, Ga.

The dictation was received over the long distance telephone from Denver, a distance of 120 miles.

The previous hour record, 3,820 words, direct dictation, was made by Paul Munter at Madison Square Garden, New York, Nov. 4, 1905.

In 1898 he succeeded rabbi Lazarre Isador as head of the Central consistory This office is the highest among the Hebrew suffrage. The rabbi is an able writer and author and it was through his leadership that the French Hebrews passed safely through the anti-Semitic feeling.

CONTINUE STRIKE TO THE BITTER END

Is The Effort Being Made by The Leaders

WHO PROMISE TO PROVIDE FUNDS

Presented Address to Emperor, Citing His Promised Relief and Abjuring Him to Rely on Peaceful Russians Who Desire Freedom.

St. Petersburg, Friday morning, Dec. 8, via Edytkuhnen, East Prussia, Dec. 9.—The local leaders of the post and telegraph strike having received more encouraging news from Moscow, and are making a desperate effort to rally their followers to continue the strike to the bitter end.

The promise that those without funds will be provided for, and threatened evils will not occur. The leaders have succeeded in destroying telegraphic communication with Kieff, Warsaw and Moscow, which was opened for a time last night.

The executive commission has issued another appeal to the strikers to stand firm until all their demands are satisfied.

The strikers claim that the delegates who have returned here from Finland report that the Finns will stand out to the end.

From Vladivostok, North Caucasia, it is reported that the telegraphers have selected a man to come to St. Petersburg to kill Interior Minister Durnovo and M. Sevastianoff, superintendent of posts and telegraphs.

A delegation from the Tula zemstvo yesterday presented an address to the emperor as follows:

"We abjure your majesty to rely on the peaceful millions of the Russian people who desired freedom without license. Your majesty has removed a burden of 80,000 of roubles from the peasants, and you have promised relief in the matter of land. The Tula peasants expect help, but not from the senseless promises of the wicked. Your majesty will hear the truth not from the revolutionists, but from the douma, which, we pray, your majesty not to tarry in calling."

The emperor, after thanking the delegation, said in reply:

"For a full realization of the liberties accorded, it is necessary primarily to restore order. This is only possible with the hearty co-operation of all the sons of Russia. I know that the needs of the peasants are great and to relieve them is my constant care. What could be done at present has been done, but there is still much to be acomplished, and therefore, it is necessary to return to peaceful pursuits and to direct all your efforts to the furtherance of the objects in view. If others follow your good example, the work of improving the peasants' condition and the realization of the reforms will be greatly simplified."

Editor Will Be Held Responsible.

St. Petersburg, Dec. 8, via Eydtkuhnen, East Prussia, Dec. 9.—Several officers of the Semlinonovsky, regiment, stationed at Tsarskoe-Selo, which, on Monday was addressed by the emperor who commented on its tried loyalty and expressed the hope that it would always show itself as firmly united as it is at pre have called on the editor of the Rus and declared that they will hold him personally accountable hereafter for articles printed against the regiment.

Run Begun on Government Bank.

Warsaw, Russian Poland, Dec. 11.—There is a heavy run on the government savings banks as a result of the campaign against them inaugurated by the radical papers. The depositors demand their money in gold.

A battalion of military engineers have mutinied at Gora Kalwarya, government of Warsaw, complaining of bad food and unsuitable quarters. The mutineers have destroyed the barracks kitchens and have otherwise damaged the bluidings. The military authorities have refrained from making arrests, fearing that it would provoke greater disturbances.

The military telegraphers at Kieff have refused to take the place of the striking civilians. The German government has asked the government of Russia to protect the Warsaw gas works, which are the property of a German company.

ARRESTED FOR MURDER.

Man of Many Wives Being Held in Birmingham, Ala.

Birmingham, Ala., Dec. 11.—C. C. Williams, alias C. W. Counts, was arrested here last week as the suspected murderer of D. S. Wilson, a printer, killed about seven years ago.

Information from Atlanta, Macon and Gainesville, Ga., and Greenville, S. C., alleges that Williams has wives in Macon and Enoree, and a woman with whom Williams lived in Atlanta states, acording to a letter from Chief Jennings, that he has a wife in Greenville, S. C.

Letters from Macon show that Williams was married to a Miss Annie Davis, in that city, not many months ago, and that he had written back there to her under the name of C. W. Counts. All letters speak in derogatory terms of the man and his character.

The police here believe that they have captured a man who is wanted in many cities. The allegations of bigamy against him are being investigated.

Going After Williams.

Macon, Ga., Dec. 11—Detectives will leave today for Birmingham to bring back to Macon C. C. Williams, alias C. W. Counts, to answer a bigamy charge. Letters found on him indicate that he has wives in Atlanta, Enoree, S. C., and Macon. A warrant was sworn out by his Macon wife last night.

Vicksburg, Miss. (Dec. 11.—General Stephen D. Lee, commander of the United Confederate Veterans, on behalf of himself and that organization, has written as follows to President Roosevelt:

"Theodore Roosevelt, President of the United States—My Dear Sir: As the general commander of the United Confederate Veteran's organizations, and for them, I am sending you my thanks for the paragraph in your message recommending that the general government care for the graves of confederate dead, and especially those who died in northern prisons during the war. "With kindest regards for yourself personally, and for the welfare of your family, I am, your truly,

GEORGE BELL WILL RESIGN.

Assistant United States Attorney Will Quit His Position.

Columbus, Ga., Dec. 11.—In an interview George L. Bell, assistant United States attorney for the northern district of Georgia, said that in the near future he would resign his office.

He says that he has intended resigning for a long time, but circumstances here and there have prevented it. He has been connected with the office district attorney for twelve years, having received his appointment at the beginning of President Cleveland's administration. He had his resignation written out at the close of President Cleveland's term, but says that at the instance of Judge Newman he withheld it. Mr. Bell says that as soon as he returns to Atlanta, at the close of the present term of the United States court in Columbus, he will resign his office and will practice law in Atlanta.

CHARGES AGAINST INSPECTOR DISMISSED

By Secretary Department Commerce and Labor.

SEVERAL CHARGES PREFERRED

The Investigating Committee Stated that the Inspector's Conduct Did Not Merit Even Censure, Much Less Removal and Charges Were Frivolous.

Washington, Dec. 11.—Secretary Metcalf, secretary of the department of commerce and labor, today dismissed the charges made by the world's fair navigation company of St. Louis against Archibald Gordon, local inspector of the United States navigation bureau at that post.

The investigation was conducted by Assistant Secretary Murray and Deputy Commissioner of Corporations Smith. Seventeen charges in all were preferred in general, alleging official incompentency, misconduct and improper discrimination between steamboat owners as well as acts of oppression against particular owners.

Both parties were represented by counsel and a number of witnesses as well as the records of the office were examined.

The report of the committee stated that they found nothing in Inspector Gordon's conduct, or his office, which would merit even censure, much less removal; that while he made certain mistakes they were either errors of law in the interpretation of some legal questions, or were due to an earnest and conscientious desire to bring about a proper condition of affairs on the steamboats in his jurisdiction.

The charges were declared to be wholly frivolous and without merit, and it was stated that in the making of them and in the effort to sustain them, there was not indicated a genuine desire on the part of complainants to improve the efficiency of the boat inspection service, but some other motive having nothing propriety to do with the efficiency or integrity of the inspectors' work.

JURY FAILED TO INDICT LAWSON

Had Been Held for that Body on Criminal Libel Charge.

Boston, Dec. 11—The Suffolk county grand jury failed today to return an indictment against Thomas W. Lawson, who had been held for that body by the municipal court on the charge of criminal libel.

The charges were preferred by Clarence W. Barron, the proprietor of the Boston News bureau. A "no bill" was reported by the jurors. The grand jury returned no indictment against Mr. Barron against whom it was understood Mr. Lawson had offered evidence before the grand jury in connection with a criminal libel complaint.

The action of the jury puts an end to the controversy between Messrs. Lawson and Barron, so far as the criminal courts are concerned.

Texas Negro Legally Hanged.

Columbus, Tex., Dec. 11.—Henry Bates, a negro, was hanged here Friday for having committed a murderous assault upon Mr. and Mrs. Fred Kuhlee, whose home he robbed. Both were badly beaten with a club, but recovered fully. The execution was the first in the state under the law enacted ten years ago providing capital punishment for robbery by the use of deadly weapons or accompanied by murderous assault. The negro did not appeal and did not seek commutation.

MEETING OF THE BOARD OF CONTROL

Convened in This City at 3 O'clock Monday Afternoon.

WILL MEET AGAIN TODAY

At the Session Monday Several Bids Were Received and Discussed, but No Definite Action Was Taken—Dr. Sledd and Prof. Hare Were Present.

The State Board of Control held a meeting in this city at 3 o'clock Monday afternoon, at which were present a full board, as follows:

Hons. N. B. Byan of Jacksonville, chairman; A. L. Brown of Eustis, P. K. Yonge of Pensacola, M. B. King of Arcadia and S. G. Kellum of Tallahassee, secretary.

Dr. Andrew Sledd, president of the University of Florida, Prof. William B. Hare, superintendent of the Institute for the Deaf, Dumb and Blind, St. Augustine, Architect W. A. Edwards of Columbia, S. C., and a number of contractors for sand brick, stone, etc., were also present.

The meeting occupied the entire afternoon, but inasmuch as the board was in executive session, no definite information as to the deliberations were given out. A number of bids were received and discussed, but nothing definite was announced.

The Board adjourned at 5:30 until 9 o'clock this morning.

In the morning the members of the board and visitors were driven to the University grounds, and expressed themselves as being well pleased with the site, as well as the surroundings, the land being high and rolling.

Today being rule day in the Supreme Court, it may be possible that a decision in the Buckman bill case will be reached. In that event the decision will be known here immediately after it is rendered.

BARLOW MINSTRELS GOOD.

This favorite Organization Better This Year Than Ever Before.

Barlow's Ministrels, which is owned by J. A. Coburn, has always been a favorite with the Gainesville people, because it is always good. Unlike other organizations of this kind, which alternate in good and poor talent year after year, this aggregation is always refined and up to the standard, but this season it is better than ever, and the large audience showed its appreciation Monday night by hearty applause which at times shook the house.

The music and singing was as good as ever heard here, and the specialties were above the average.

Among the specialties was Dan S. Holt, the Georgia Cotton Blossom, who has been a favorite with Barlow's Minstrels for many years. He is one of the best negro impersonators on the stage, and has gained a national reputation.

Frank H. Tinney in his musical stunts was as fine as could be desired, and his piano playing and dancing were all that could be desired. Mr. Tinney is an original character, and it has been suggested that he would make an ideal esquire to conduct candidates over the hot sands of Elkdom.

The Barlow quartet retained the excellent reputation it has already made here among those who appreciate good vocal music

The famous Lamy family of acrobats were wonders in their profession, while "Lively," the contortionist, was as good as contortionists ever get to be.

In all, the performance was first-class, and everyone was satisfied with the evening's entertainment.

Must Turn in Books.

The library committee of the Twentieth Century Club are requested to turn in all books belonging to the club, as the club desires to transfer the same to the public library, which will soon be established here. The public library has secured the building on West Liberty street, opposite the residence of C. A. Colclough, which will make a most convenient and desirable room for the purpose.

Off on a Hunt.

W. R. Steckert and A. M. Cushman left Monday night for the wilds of Gulf Hammock, where they will spend a few days on a hunting expedition. Mr. Steckert informed The Sun man that he expected to slay a number of bear, and would present the editor of the paper with a saddle of jerked bear meat. Mr. Cushman did not make any promises.

MODERN METHODS

Improve a Remedy That Was Always Peerless in Its Line.

We are told that the great popularity of Vinol is due to the fact that it is really a new form of a time-tried and old remedy, cod liver oil, now by an elaborate modern process produced without oil, delicious and doubly potent.

We wish everyone could realize the fact that Vinol is not a patent medicine. It is simply a new way of administering the curative elements of cod liver oil.

There is no one living who will dispute the merits of cod liver oil as a tonic rebuilder of the human system.

The trouble has been that but few people could take cod liver oil on account of the grease, obnoxious taste and terrible odor.

With Vinol, however, everything is changed. By a modern method of chemistry you get all the medicinal curative elements found in cod liver oil in a highly concentrated form, and best of all, without a particle of grease, which has no value, either as a food or medicine.

The reason Vinol can accomplish so much more good than cod liver oil or emulsions is because it is so easily assimilated, the weakest stomach can retain it; thus it enriches and purifies the blood and strengthens every organ in the body to do its work as nature intended.

In all cases of chronic coughs, bronchitis, severe colds, run-down condition, loss of appetite, all derangements of the stomach, etc., we guarantee Vinol to cure or return your money if it fails. W. M. Johnson, Druggist.

MONDAY'S COLD SNAP.

There Was a Good Frost, but No Damage to Vegetation Feared.

The first frost of consequence of the season appeared Monday morning, and in some sections of the city ice was reported. Experienced truckers, however, anticipate no damage to vegetation, but to the reverse feel that the cold will benefit the lettuce crop, having a tendency to make the plant head more quickly and firmly.

The bean shipments are not so heavy as formerly from some sections, but lettuce and peas are moving lively.

Among the features will be the grand march of the Amazons, the beautiful "Dance of the Butterflies" and the latest films in moving pictures. The whole is one aggregation, extravagant, fantastic and beautiful. "Humpty Dumpty" is under the able management of Ernest Cooke, late of the Buffalo Bill's Wild West Show and is pronounced by the critics of the leading metropolitan journals as the very acme of a refined performance.

The Key That Unlocks the Door to Long Living.

The men of eighty-five and ninety years of age are not the rotund well fed, but thin, spare men who live on a slender diet. Be as careful as he will, however, a man past middle age will occasionally eat too much or of some article of food not suited to his constitution, and will need a dose of Chamberlain's Stomach and Liver Tablets to cleanse and invigorate his stomach and regulate his liver and bowels. When this is done there is no reason why the average man should not live to old age. For sale by all druggists.

BEGINS TODAY

Nothing Like The REDUCED PRICES That We Begin

Today have ever before been announced just prior to Christmas by **ANY HOUSE---ANYWHERE.** If type could be made to tell a Merchandise Story—**A REAL BARGAIN STORY**--as strongly as this one deserves to be told, this store would not be large enough to admit the enthusiastic throng that would come. As it is,

There's Bound to Be Swift Selling.

..REASONS..

In announcing this most extraordinary sale a proper appreciation of the facts may be gained—and a great deal of confusion avoided—by the mention of a few important facts.

FIRST: *The Gainesville Furniture Company does not have a sale every week, or month. In this establishment, where the highest grades and lowest prices rule the whole year, a SALE has a significance that it does not have in any other store in the city.*

Not one article was made up for this sale, or for the purpose of being sold for one penny less than regular retail price, as is usually the custom in extensively advertised sales. Neither have we any old stock to work off at "closing out sales." The facts are: We over-estimated the demand and bought heavily. The result: We are literally covered with Rugs, of all descriptions, all new and elegant patterns. We find that we cannot possibly dispose of over one-half the stock to our regular trade, and, rather than carry them over to another season, *WE SHALL OFFER THEM AT ABOUT COST.*

We Have Inauguarated This Sale For Two Reasons:

To reduce our stock, and to induce every lady in the town and county to visit our store and see the exceptional fine values in Home Furnishings and Holiday Gifts that we are offering. Every lady is interested in beautiful floor coverings, and by reducing the price of that in which they are the most interested, we feel that we will accomplish our aim. *And now our ware-rooms are open, and Bargains are peeping out by the hundreds.*

The Patterns Are Bright---The Designs New.

An early call will assure complete stock to select from. We have too many Bargains to enumerate them. We quote no prices, for Pattern, Design and Quality can only be judged by sight All we ask is an opportunity to show you what we have. The rest comes easy.

No Disappointments---We Do What We Say.

Look for the RED LETTER

and come early. Goods selected at this sale will be laid aside for Holiday delivery.

Cuba has raised the quarantine against all Southern States ports.

The railroad rate bill and the canal are the people's measures before Congress.

The Polish railway employes are sticking to their work until the Russians strike.

General Elliott of the marine corps says that more men are wanted. Let him "tell it to the marines."

The President wanted $16,000,000 for the Panama canal. He got eleven, which is sometimes considered good.

Alachua avenue is one of the most popular thoroughfares in the city. It should be put in first-class condition.

The merry Christmas time is not quite two weeks off and Sunday was a perfect autumn day. Nothing like Florida weather.

The Czar's soldiers had better hurry up before the people get well armed, as they will not enjoy firing on them so well when the volleys are returned.

The recount in New York is proceeding so slow that McClellan will be good for the full term if Hearst should happen to get a majority at the finish.

The battleship Idaho has been successfully launched at Philadelphia. She was christened by the 13-year-old daughter of Governor Gooding of Idaho.

The settlement of fence lines on some of the streets of the city should be settled so that property owners may know where their sidewalks should be placed.

The Apalachicola Times in its new form fills the bill. The Times is as carefully edited as any paper in the State, and deserves the hearty support it is receiving.

Judging from some of the vegetable growth in this county we have enough good land in Alachua county to raise a sufficient quantity to supply the State and the quality is first-class.

Mrs. Rogers was as cool on the gallows as she was cruel to her husband on the river bank. A rope caused the death of both of them, although no anaesthetics were used in her case.

Nearly every city of any size in the State has an intelligence office, where strangers can find information regarding houses and rooms to rent, and where good board can be obtained. Such a place would be a good thing for Gainesville, so visitors would not have to trot all over the city to find a place to stop.

Tampa is 50 years old and one of the fastest cities in the State. The recent census did not credit them with as many people as the papers thought they were entitled to. But that is easily explained: They are such a lot of hustlers that it seemed to them almost an impossibility for 22,000 people to accomplish what had been done in that place the past year.

GROWING AND HEALTHY.

And still we are growing. You can look about the city of Gainesville in many directions and see piles of lumber and brick that are on the ground awaiting the carpenter and brickmason to fashion them into residences. Notwithstanding the busy summer just past, there being a hundred or more residences erected, there seems to be a lack of accommodations for those that are here, and those who contemplate locating in our beautiful city.

And when we say "beautiful city" we mean every word of it, and it is beautiful in more senses than many who are residents actually realize.

The beauty of the homes here to be found is noticeable. They are very numerous, and it seems that in many instances the people vie with each other in the construction of these homes. And they are not only to be admired for their beautiful outside appearance, but many of them have on the interior all the comforts and conveniences you will find in any home in the land.

But one other fact that makes our city beautiful to those who have not been able to entirely enjoy the pleasures of this life, is its health. Many people who have arisen from beds of sickness, where they have been administered to by friends in the hope that they might recover, have come to Gainesville almost literally on their beds, and in a short time thrown their medicines to the dogs, arisen from their beds and have been restored to health through the healing influence of our excellent climate and pure waters, which many declare have remarkable restorative properties.

These facts sound like fancy tales and many will say it is only a little gush, but we have the documents to prove the health part of our story as well as the residences. If any desire proof it can be furnished.

Yet there are those who are so credulous as to say that these statements are only proven in a few instances in regard to health, yet we have many who are now residents of Florida whose names would be on tombstones but for the health-giving climate that here abounds.

If you doubt the statements come to the land of health, sunshine and prosperity and see for yourself.

The bill for the creation of a parcel post is one that will cause a severe fight if it ever gets out of the committee. There are immense interests arrayed both for and against it. As the case stands, the United States is the only one of the great civilized powers that has not a parcel post and even the United States has a convention of that sort with some foreign countries. For instance, Mexico and Great Britain had a parcel post that carried goods to New York, though we have no reciprocal arrangement. The undertaking would not mean a great additional expense to the postoffice department, but it would work more or less of a revolution in domestic trade and it will be pushed by the big stores in the big towns and fought by the small retailers all over the country, for it tends to encourage the mail order business at the expense of the small store keeper.

The roses in many gardens about the city are beautiful beyond comparison. Many varieties are in full bloom, some of them being large and full of fragrance. We secured a bouquet of half a dozen varieties, which would have sold any place in the North for $2, and were surprised when told the price—five cents—by the woman who sold them. They were a bargain at ten times five cents.

A great many people travel from the Middle West—Ohio, Indiana and Michigan—to the Southwest by wagon in order to get their household goods through, perhaps, in quicker time than they can by rail.

"Finest on Earth"

That is What a Former Sufferer Says of the Celebrated G. F. P. (Gerstle's Female Panacea.)

Whenever a woman neglects what are apparently trifling female disorders, she is trifling with her health, and perhaps her life. It is the only female remedy on the market guaranteed to benefit you, with a money-back guarantee. It cures all female irregularities, pains in the back and head, irregular menstruation, falling of the womb, whites, inflammation, etc. It has cured thousands, it is curing hundreds now, and will cure you. The naval stores plant, including the turpentine still and accessories thereto, of Savage & Co. of Crestview, were burned early Thursday morning. Considerable gum and scrape was on the platform, and this was also lost with about 80 barrels of rosin, which was under the shed. All the spirits of turpentine was saved. When the fire was first observed everything was on fire from the gum platform to cooper shop, which gives rise to the belief that the fire was of incendiary origin. Mr. Savage will rebuild as early as possible.

Failed.

Patterson, Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." J. W. Mellum & Company.

LITTLE ONE ONE SOLID SORE

Covered With Scales and Scabs From Head to Foot—Doctors and All Other Remedies Fail—Skin Now Smooth and Clear.

ANOTHER WONDERFUL CURE BY CUTICURA

Writing under date of Sept. 7, 1904, Mrs. Mattie Shaffer, of Cumberland, Miss., says: "Some time ago I ordered and received your wonderful Cuticura Remedies, which I used on my little afflicted babe with wonderful results. I had tried many other remedies without any benefit whatever, and Cuticura came to the rescue when my doctors and all other remedies had failed. One doctor pronounced it scrofula, the other eczema. The little one was one solid sore, with scales and scabs from head to foot, when I started using Cuticura Soap and Ointment. The result was wonderful, and now my baby's face and body are smooth and clear."

Hence it becomes the duty of mothers of such afflicted children to acquaint themselves with the best, the purest, and most effective treatment available, viz.: the Cuticura Treatment, consisting of warm baths with Cuticura Soap, and gentle anointings with Cuticura Ointment, the great Skin Cure. Cures made in childhood are speedy, permanent, and economical.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit inoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Nearly Two Thousand Attended Meeting for Men in That City.

MANY WERE TURNED AWAY

Three Hundred Were Moved to Spontaneous Confession and Pledges to Live Right—Extraordinary Scene in the Newark Theater.

The Newark (N. J.) Evening News of recent date contains a full column write-up of the meeting held for men at the Newark theater, and which it describes as graphic in every detail.

The News states that 1,800 men attended this meeting.

The Omnipotent was pictured with such awful force that hundreds who sat literally quaking in their seats through an arraignment of sinners lasting forty minutes, needed no urging to bring them to their feet in a confession of Christ, when the time had arrived for that demonstration.

With the setting, the brilliantly lighted playhouse, the stage and scenery, and the tiers upon tiers of anxious, expectant faces, it was a sight smacking so strongly of the theatrical in the eyes of the comparatively few not sufficiently electrified with the very atmosphere of the place to be past the noticing of mere surroundings, as to make the scene appear a part of a drama magnificently acted upon a mammoth stage.

When the end came, not needing the invitation of the speaker, hundreds rushed from the galleries to the main floor to take him by the hand, so that there was such a press of people from the platform extending out to the entrance and into the street, that had there been women and children among them they would have been trampled down. The one thought was to grasp the evangelist by the hand. He jumped from the stage into the center aisle and there was moved along inch by inch on the top of a chair, his figure towering waist high above the crowd. Hands were raised high in the air and towards the speaker from all parts of the house and every eye was upon him. It seemed almost as if every person within the four walls was hypnotized.

Calling encouragement first to one quarter and then to another, this remarkable man had all under perfect control. It was wonderful to see the expression of positive relief that came over the upturned faces as, after shaking the minister's hand, the men passed on. As they passed out they signed cards willingly giving their names and addresses, and many who could not get near Dr. Strouse because of the press of people, promised to send their names to him upon postal cards at the Continental.

From start to finish the meeting was handled in a masterly fashion It apparently typified the high-water of attainment in the conducting of effective revival work. In the opening talk there were presented alleged facts which dealt with the plan of salvation, with the awful results of an ungodly life illustrations were given with a style which proclaimed the evangelist an actor of no common attainment. The audience was all interesting in the extreme. When the evangelist told of a horse race you felt the keen excitement of the track and men even rose in their seats as the animal was pictured racing toward the speaker, not to win a purse, but to save a soul. Again as an acrobat was pictured walking a tight rope high above the city street the audience was in breathless suspense as the evangelist walked an imaginary rope upon the platform his arms swung wildly about his head to keep him from a frightful death upon the pavement hundreds of feet below. When he reached the other side there was a sigh of relief, so realistic had been his acting. When all who would promise to give their life to God were asked to stand, with one accord the body got to its feet, scarcely any remaining in their seats. The few who did were easily persuaded to rise and it is doubtful if there was a man in the entire audience, the few who left the building excepted, who did not in some visible way during the afternoon respond to the call of the leader.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

The surest thing on earth to get a man's system "out of whack" is heavy, soggy bread, which is caused by several reasons: First, the material may not be good; second, the cooking may be poor. The best flour in the world will make the heaviest bread if improperly mixed or cooked. WE USE THE BEST FLOUR and our "long suit" is knowing how to mix and bake it. Our bread does not cost any more than home-made, and in many instances it is so much more palatable.

YOUTH CONFESSED TO CRIME.

Crazed by Remorse, He Asked Police to Lock Him Up.

Macon, Ga., Dec. 11.—Driven almost crazy by the thought that he was a fugitive from justice and unable to bear the strain upon his conscience longer, James Rushing, a Chattanooga youth, walked up to a policeman and asked to be locked up for burglary.

He was accommodated, and an investigation Friday by Chief Conner shows that the young man's statement was true. He said that he and another young man robbed a saloon in Chattanooga last Tuesday, his share of the loot being $40, part of which he spent in coming to Macon.

Young Rushing declared that he had never been guilty of any crime before, and the thought that he was a fugitive from justice was too much for him to stand. He said he wanted to be punished for what he had done, after which he desired to turn over a new leaf and begin life anew.

Torture of a Preacher.

The story of the torture of Rev O. D. Moore, pastor of the Baptist church of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies without relief until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which entirely cured my cough and saved me from consumption." A grand cure for diseased conditions of throat and lungs. At all druggists; price 50c and $1.00, guaranteed. Trial bottles free.

Body of Mrs. Rogers Interred.

Hoosick Falls, N. Y., Dec. 11.—The body of Mrs. Mary Mabel Rogers, who was executed at Windsor, Vt., Friday, was placed in a vault at St. Mary's cemetery here early today, preparatory to the interment in the presence of the family at 6 o'clock this morning. It had been generally supposed that the body would be brought over the Boston and Maine railroad to the station here last night, and several hundred persons had gathered at the depot. To avoid this crowd, the friends of the family asked the railroad officials to have the train stopped at Hoosick and this was done, the body being removed from the baggage car at that station and taken in charge by the undertaker.

Furious Fighting.

"For seven years," writes Geo. W. Hoffman of Harper, Wash., "I had a bitter battle with chronic stomach and liver trouble, but at last I won, and cured my diseases by the use of Electric Bitters. I unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." Sold under guarantee to do the same for you, by all druggists at 50c a bottle. Try them today.

Officer Killed Negro.

Spartanburg, S. C., Dec. 11—Chief of Police Littlefield, of Griers, shot and killed an unknown negro Friday whom he was trying to arrest on the charge of having illicit whiskey in his possession. The negro opened fire on the officer, shooting twice, when Littlefield drew his gun and fired twice, killing the negro instantly. Considerable excitement was caused by the killing, but the officer is held entirely guiltless in the matter.

NEGRO STUDENTS REVOLTED.

Against White President of the Negro Institution.

Washington, Dec. 11—A revolt of between 300 and 400 male and female students of Howard, a negro institution of this city, occurred Friday.

The student body had assembled in the chapel for the usual noontime religious services, when the president of the university, Professor John Gordon, a white man, entered and was greeted with a volume of hisses, catcalls, howls and groans. A scene of excitement followed. The students then marched out of the chapel to the campus. There the demonstration was continued, and President Gordon was still further denounced. The college exercises for the day were abandoned, as the students practically are on strike.

The occasion of the demonstration against Professor Gordon was said to be due to his alleged prejudicial conduct toward members of the negro race.

A Certain Cure for Croup.

When a child shows symptoms of croup there is no time to experiment with new remedies, no matter how highly they may be recommended. There is one preparation that can always be depended upon. It has been in use for many years and has never been known to fail, viz: Chamberlain's Cough Remedy. Mr. M. F. Compton of Market, Texas, says of it: "I have used Chamberlain's Cough Remedy in severe cases of croup with my children, and can truthfully say it always gives prompt relief." For sale by all druggists.

Murderer Must Die.

Des Moines, Iowa, Dec. 11—William McWilliams, who pleaded guilty to the murder of his wife and five children a week ago, was sentenced to death Friday at Independence. McWilliams' crime was one of the most shocking in the criminal history of the state. He dashed out the brains of his wife and the babe in her arms with a hammer, murdering his other children, one by one, as they entered the house. The only reason which he has given is that "they were better off out of the way."

A Fearful Fate.

It is a fearful fate to have to endure the terrible torture of piles. "I can truthfully say," writes Harry Colson of Masonville, Ia., "that for blind, bleeding, itching and protruding piles, Bucklen's Arnica Salve is the best cure made." Also best for cuts, burns and injuries. 25c at all druggists.

CHILDREN HONOR UNCLE REMUS

Birthday of Joel Chandler Harris Observed by Young People.

Atlanta, Dec. 11.—The children of Atlanta celebrated the birthday of Joel Chandler Harris during the "Childrens' Hour" at the Carnegie library Friday afternoon.

Mr. Harris was not present, he sent a letter saying that he couldn't face the children without a great display of what Brother Rabbit calls his "big boo-hoo." And the children sent a letter in reply, forgiving him for not coming, and telling him how dearly they love "Uncle Remus," in his books, and out of them, as well.

Altogether, it was one of the most delightful affairs that ever took place in the children's rooms of the library—and there have been many rare good times enjoyed there.

LaGrippe and Pneumonia.

Pneumonia often follows lagrippe, but never follows the use of Foley's Honey and Tar. It cures lagrippe, coughs and prevents pneumonia and consumption. Ask for Foley's Honey and Tar and refuse any substitute offered. Mr. G. Vacher, 167 Osgood street, Chicago, writes: "My wife had a severe case of lagrippe three years ago and it left her with a terrible cough. She tried a bottle of Foley's Honey and Tar and it gave immediate relief. A 50-cent bottle cured her cough entirely." Refuse substitutes. J. W. McCollum & Company.

Police Captured by Robbers.

Reading, Mass., Dec. 11.—A gang of eight masked men entered this town early today, captured and locked up the two policemen who were patrolling the main street, and then forced an entrance to the Mechanics bank, where they blew open with dynamite a safe belonging to the Reading Waterworks. They secured $400. The robbers were seen by several citizens and shots were exchanged. No one was injured, however.

Doctors Could Not Help Her.

"I had kidney trouble for years," writes Mrs. Raymond Conner of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure." It makes the diseased kidneys sound so they will eleminate the poisons from the blood. Unless they do this good health is impossible. J. W. McCollum & Co.
